Evington, VA 24550

Dear Mark and David,

Edna and I want to express our appreciation for the outstanding service you have given us. We sincerely appreciate your responsiveness and the professional manner in which your employees conduct business.

I would especially like to compliment your employees for their warm smiles and enthusiastic attitudes to make sure that we were satisfied with the effort given forth. Your company sets the bar for customer service very high and strives for excellence.

I also would like to compliment your creativity with the plants and landscape lighting design as it adds another dimension to the pool and patio during the evening .

Mark, again I would like to thank you and the Southern Landscape Group for all your efforts and feel free to use Edna and myself as references, as you are more than welcome to bring any of your clients by to look at your workmanship.

Best regards,

Steve Puckette
